#### INSTRUCTIONS

1. **Certified** photocopies of those pages of the applicant's passport bearing personal data and the period for which the passport is valid shall be attached to the application. Provided only an identity card or similar certificate is required to enter Finland, a **certified** copy of this will suffice. Citizen of the Nordic countries may, instead of the above mentioned photocopies, attach an original extract from the civil (or church) register.
2. Class of applicant's amateur certificate or class of station licence, shall be given.
3. A certificate issued by the telecommunications administration of the applicant's home country giving the following information shall be attached to the application:
  - the class of the applicant's radio amateur's certificate
  - period for which the licence is valid, and
  - call sign.

If this information appears on the applicant's valid amateur licence, a certified photocopy of the licence may be supplied instead.
